Interest Collections: Staff reported that they had been notified by the County Clerk's office that the County was going to leave the interest collections on TDC funds with the TDC account and draw down the funds under the normal TDC allocation process.

2008-2009 Budget: Staff informed the Board that in April they would begin the process of preparing the annual budget presentation to the County. That this year there would be changes in the budget reflecting interest income and the use of reserves.

Web Site: Staff distributed a new mock up of the web site home page and provided members with a test site address to look at the progress of the web site. They still anticipated that the site would go on line in the next few days.

Photo Requests: Staff also explained to the members the process for collecting photos from professional photographers and expressed their hope that there would be a collection of photos to be reviewed at the Marketing Committee later in the month.

VI. **Committee Reports**

Marketing -

The Board acknowledged that they had reviewed the FCTV video and that a number of changes were incorporated into the final version which was currently playing on Channel 3.

Grants Committee -

Joe Taylor presented a proposed budget for the Grants Committee marketing to include \$6,000 for billboards, 11,000 for regional marketing and \$5,000 for weekly local newspapers. After lengthy discussion, the Board asked that more work be done on the billboard proposal before action would be taken.
